 - 2017 Gawad Uilirang Pilipino Nomination – Category: Sports
 - Award to give recognition to the outstanding Achievements of Filipino-Americans on Guam. Nominees and winners have made exemplary or outstanding contributions and achievements in their respective professions and community service endeavors.

How will you contribute to furthering the vision and mission of the Guam Women's Chamber of Commerce?

I would work on 3 specific goals:

- Develop a plan to increase membership by looking at ways to create an attractive benefits package including discounts at local businesses and other ways to market and promote the businesses of members. This would include an official GWCC membership card for each member. Benefits package can include a Social Media Marketing package of the organization's members.
- Create an outreach program for young female entrepreneurs to encourage owning a business and establishing strong financial management skills. High school and college girls can be participants.
- Working with other women's chambers of commerce world-wide to learn from them and develop our GWCC organization so that our members benefit from these partnerships.

Current life quote

"You can have all the dreams and goals in the world, but if you don't take action, that is all they will ever be." – Female Entrepreneur Association
